

Happy Teachers Change the World: Cultivating Joy, Resilience, and Success in the Classroom

In a world where stress, burnout, and disillusionment are all too common among educators, *Happy Teachers Change the World* offers a refreshing and inspiring perspective.

This engaging and thought-provoking book explores the power of teacher happiness and its transformative impact on students, classrooms, and the world at large. Drawing on extensive research, personal stories, and practical strategies, the authors demonstrate that happy teachers are not just more satisfied with their work—they are also more effective at teaching. They create classrooms where students feel supported, motivated, and excited to learn. And they inspire students to develop a lifelong love of learning that extends far beyond the classroom walls.

Happy Teachers Change the World: A Guide for Cultivating Mindfulness in Education by Thich Nhat Hanh
